PRICING

The next 3 pages list the start prices for the most popular sized round cakes. Other tier options are available upon request.

The semi naked/buttercream prices are for a smooth natural buttercream finish. The fondant prices are for either a white/ivory fondant finish.

All decoration is a supplement on top of the start prices. These prices vary based on type of decoration.

Semi Naked and Buttercream cakes require a set up fee as they need to be stacked/finished at the venue. The set up fee also covers arranging fresh flowers in clusters on the ledges.

Set up fees also apply to fondant cakes that require finishing at the venue.

All cakes have a delivery charge; this fee is based on venue location.

2026
